

**Arrowhead Architectural Committee**  
**May 18, 2010**

In attendance: Adam Kral, Richard Cothorn, Mark Rasmus, Bruce Wholf, George Naymik and Cathy Redford.

Mark Rasmus wanted the minutes to be corrected to read that a precedent would not be set for the outside storage allowed for Ferguson. A motion by Bruce Wholf to approve the minutes of the May 4, 2010 meeting with this correction was seconded by Richard Cothorn and carried.

Mike Robarge and Bonnie Danford of Thomas Porter Architects presented building materials for the connecting link addition between Rob Finney's building and Hanson's building at 1625 Indian Wood Circle. After discussion Mark Rasmus made a motion to approve the materials as presented being the cultured stone manufactured by Owens Corning, color Mojave Profit Ledge stone PF-8014 to be used for the front facade of the connecting addition. The rear of the addition will be painted to match the color of the Hanson building, and the brick pavers as presented were approved for the patio area behind the addition. Richard Cothorn seconded the motion which carried unanimously.

Mark Rasmus presented signage for Pella Windows and Doors at Suffolk Square. After discussion Bruce Wholf made a motion to approve the signage as presented. Cathy Redford seconded the motion which carried unanimously.

Adam inquired about changing the meeting time from 8:00 AM to 8:30 AM. It was agreed that the meetings will begin at 8:30 AM.

George Naymik reported on various items in the park he has been working on.

1. The overgrown grass on the undeveloped lots. He wanted to know how often grass needs to be mowed for the fields and how he should contact the owners.
2. Worn or broken signs in the park.
3. Matrix dumpster faces street, and is overflowing.
4. Salsaritas installed a patio canopy structure, George questioned if they were approved for this structure.
5. The dead trees and their removal and replacements. There was discussion regarding the trees with individual cost versus group cost and then timing. A letter should go out to the owners stating the trees should be removed, however they have until fall of 2011 to replace them.

There being nothing further, the meeting adjourned at 9:30 AM.

Respectfully submitted,  
Karen Barker
